

SPORTON LAB

Response For FCC Application

2004/9/21

RE: Psion Teklogix Inc

FCC ID: GM37525CMCS

1. Yes, it is tested as a computer peripheral in 15B report.
2. The correct one is label sample.
3. The accessory only includes cradle. The EUT has no voice function, so there is no earphone
4. The EUT has 900 and 1800 transmitters. We have uploaded the statement not to use these two bands in USA
5. Yes, the radiated power is half of conducted power. The antenna efficiency is not good.
6. GPRS and BT can not transmit simultaneously.

Sincerely Yours

Daniel Lee

EMC/SAR Manager
