This document and the information it contains is the property of Psion Inc. This document is not to be used, reproduced or copied, in whole or in part, except for the sole purpose of assisting in proper use of Psion manufactured goods and services by their rightful owners and users. Any other use of this document is prohibited.

Return to Factory Warranty

Psion provides a return to factory warranty on this product for a period of twelve (12) months in accordance with the statement of Warranty and Product Support provided at:

<http://www.pSION.com/us/warranty.htm>

The warranty on Psion manufactured equipment does not extend to any product that has been tampered with, altered, or repaired by any person other than an employee of an authorized Psion service organization. See Psion terms and conditions of sale for full details.

Important: *Psion warranties take effect on the date of shipment.*

**Waste Electrical and Electronic
Equipment (WEEE) Directive
2002/96/EC & Waste Batteries
Directive 2006/66/EC**

This Product, and its accessories, comply with the requirements of the Waste Electrical and Electronic Equipment (WEEE) Directive 2002/96/EC. The batteries used in this Product comply with the requirements of Directive 2006/66/EC.

If your end-of-life Psion product, battery or accessory carries a label as shown here, please contact your local country representative for details on how to arrange recycling. For a list of international subsidiaries, please go to:

<http://www.pSION.com/environmental-compliance.htm>

Restriction on Hazardous Substances (ROHS) Directive 2002/95/EC

What is RoHS?

The European Union has mandated that high environmental standards be met in the design and manufacture of electronic and electrical products sold in Europe, to reduce hazardous substances from entering the environment. The “Restriction on Hazardous Substances Directive (RoHS)” prescribes the maximum trace levels of lead, cadmium, mercury, hexavalent chromium, and flame retardants PBB and PBDE that may be contained in a product. Only products meeting these high environmental standards may be “placed on the market” in EU member states after July 1, 2006.

Although there is no legal requirement to mark RoHS-compliant products, Psion Inc. indicates its compliance with the directive as follows:

The RoHS logo located either on the back of the product or underneath the battery in the battery compartment (or on a related accessory such as the charger or docking station) signifies that the product is RoHS-compliant as per the EU directive. Other than as noted below, a Psion product that does not have an accompanying RoHS logo signifies that it was placed on the EU market prior to July 1, 2006, and is thereby exempt from the directive.

Note: Not all accessories or peripherals will have a RoHS logo due to physical space limitations or as a result of their exempt status.

Disclaimer

1. Declaration of Conformity

When used in a residential, commercial or light industrial environment the product and its approved UK and European accessories fulfil all requirements for CE marking.

EU Directives

This equipment complies with the essential requirements of EU Directives 1999/5/EC, 2004/108/EC and 2006/95/EC, as applicable. Declarations are available from your local representative.

Където е приложимо, оборудването е съобразено с основните изисквания на Европейските директиви 1999/5/EC, 2004/108/EC и 2006/95/EC. Декларации са налични от местния представител.

Toto zařízení splňuje základní požadavky směrnic EU 1999/5/ES, 2004/108/ES a 2006/95/ES, vždy dle konkrétního způsobu použití. Příslušná prohlášení jsou k dispozici u vašeho lokálního distributora.

Dette udstyr overholder de væsentlige krav i EU-direktiv 1999/5/EF, 2004/108/EF og 2006/95/EF, som er relevant. Erklæringerne kan fås hos din lokale repræsentant.

Tämä laitteisto täyttää seuraavat EU Direktiivien olennaiset vaatimukset 1999/5/EY, 2004/108/EY ja 2006/95/EY, soveltuessa. Vaatimustenmukaisuusvakuutukset ovat saatavilla paikalliselta edustajalta.

Dit produkt voldoet aan de voorschriften van de richtlijnen van de EG Raad (1999/5/EC, 2004/108/EC en 2006/95/EC), indien van toepassing. Declaraties zijn beschikbaar bij uw locale vertegenwoordiger.

Cet appareil est conforme aux exigences essentielles des Directives de l'Union Européenne 1999/5/CE, 2004/108/CE et/ou 2006/95/CE. Veuillez consulter votre représentant local pour les déclarations applicables.

Ezen készülék technikai jellemzői megfelelnek a vonatkozó 1999/5/EC, 2004/108/EC és 2006/95/EC EU rendeletekben foglalt követelményeknek. A megfelelőségi dokumentáció a gyártó helyi partnereinél áll az Ön rendelkezésére.

Questo prodotto, ove applicabile, risponde alle direttive Europee 1999/5/EC, 2004/108/EC e 2006/95/EC. Dichiarazioni sono disponibili presso il vostro rappresentante locale.

Ten sprzęt jest zgodny z ogólnymi wymaganiami Dyrektyw UE nr 1999/5/EC, 2004/108/EC i 2006/95/EC, na ile znajdują zastosowanie. Oświadczenia są dostępne u lokalnych przedstawicieli.

Acest echipament este în conformitate cu cerințele esențiale ale Directivelor EU 1999/5/EC, 2004/108/EC și 2006/95/EC. Certificatele sunt disponibile la reprezentanta locala.

Toto zariadenie spĺňa základné požiadavky smerníc EÚ 1999/5/ES, 2004/108/ES a 2006/95/ES, vždy podľa konkrétneho spôsobu použitia. Príslušné vyhlásenia sú k dispozícii u vášho lokálneho distribútora.

Das Gerät erfüllt die wesentlichen Anforderungen der EU-Direktiven 1999/5/EC, 2004/108/EC und 2006/95/EC, soweit anwendbar. Eine entsprechende Bescheinigung kann bei Ihrem zuständigen Vertriebspartner angefordert werden.

Ta oprema je skladna in izpolnjuje nujne zahteve direktiv EU 1999/5/ES, 2004/108/ES in 2006/95/ES. Deklaracije so na voljo pri vašem krajevnem predstavniku.

Αυτός ο εξοπλισμός συμμορφώνεται με τις βασικές απαιτήσεις των εφαρμοσμένων οδηγιών 1999/5/EC, 2004/108/EC και 2006/95/EC της Ευρωπαϊκής Ένωσης. Οι επίσημες δηλώσεις είναι διαθέσιμες από τον τοπικό σας αντιπρόσωπο.

Dan I-apparat huwa konformi mar-regolamenti stipulati mid-Direttivi Ewropej 1999/5/EC, 2004/108/EC u 2006/95/EC skond kif inhu applikabbli. Kopji ta' dawn id-dikjarazjonijiet huma aċċessibbli mingħand ir-rappreżentant locali tiegħek.

Este equipo cumple con las condiciones vigentes de la EU directivas 1999/5/EC, 2004/108/EC e 2006/95/EC, com é pertinente. Las normativas estão disponível com su representado local.

Este equipo cumple con los requerimientos esenciales de las directivas de la EU 1999/5/EC, 2004/108/EC y 2006/95/EC, si es aplicable. Dichas declaraciones están en poder de sus representantes locales.

Ši iranga atitinka esminius ES direktyvu 1999/5/EC, 2004/108/EC ir 2006/95/EC reikalavimus. Deklaracijas galima gauti iš Jusu vietinio atstovo.

Šis iekartas atbilst ES direktīvu 1999/5/EC, 2004/108/EC un 2006/95/EC prasībām. Deklarācijas ir pieejamas reģionālajā parstāvniecībā.

See seadmed vastavad olulistele nõuetele ELi direktiivide 1999/5/EC, 2004/108/EC ja 2006/95/EC, mida kohaldatakse. Deklaratsioonid on saadaval Teie kohaliku esindaja.

Use of the 802.11 device in France: owing to French Government restrictions, the 802.11 device is limited to indoor use. It may be used outdoors, on private property, only with prior authorization from the French Ministry of Defense.

2. Regulatory Summary

FCC Information to User

Federal Communication Commission Interference Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

1. this device may not cause interference, and
2. this device must accept any interference, including interference that may cause undesired operation of the device.

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes:

1. l'appareil ne doit pas produire de brouillage, et
2. l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

FCC Caution: Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment.

Important: FCC Radiation Exposure Statement

Some equipment in hospitals and aircraft are not shielded from radio frequency energy. Do not use the 8516 onboard aircraft, or in hospitals, without first obtaining permission.

Do not use near pacemakers. The product may affect the operation of some medically implanted devices such as pacemakers, causing them to malfunction. Avoid placing your product next to such devices. Keep a minimum distance of 20 cm between the device and the product to reduce the risk of interference. If you have any reason to suspect that interference is taking place, turn off the 8516 and contact your cardiologist for assistance.

Note: In August 1996 the Federal Communications Commission (FCC) of the US adopted an updated safety standard for human exposure to radio frequency energy emitted by FCC regulated transmitters. The design of this product complies with the FCC guidelines and those standards. To maintain

compliance with the FCC RF exposure guidelines, ensure the antenna is at least 20 cm from your body when transmitting.

IMPORTANT NOTE:

Emissions Information for Canada

This Class B digital apparatus meets all requirements of the Canadian Interference-Causing Equipment Regulations. When using the 802.11 radio option, to prevent radio interference, this device is intended to be operated indoors and away from windows to provide maximum shielding. Equipment (or its transmit antenna) that is installed outdoors is subject to licensing.

Cet appareil numérique de la classe B respecte toutes les exigences du Règlement sur le matériel brouilleur du Canada. En cas d'utilisation du module radio 802.11, afin d'éviter toute interférence radio avec le service autorisé, l'appareil doit être utilisé à l'intérieur, tout en tant éloigné de toute fenêtre afin de garantir le maximum de protection. Si cet équipement (ou son antenne émettrice) est installé à l'extérieur, il est alors soumis à licence.

Emissions Information for South Korea: Class B Equipment (Residential Use)

이 기기는 가정용(B급) 전자파적합기기로서 주로 가정에서 사용하는 것을 목적으로 하며, 모든 지역에서 사용할 수 있습니다.

Warning for Australia

The user needs to switch off the device when exposed to areas with potentially explosive atmospheres such as petrol stations, chemical storage depots and blasting operations.

3. Safety Summary

3.1 Warnings to Users

Important: *For your own safety, it is critical that you comply with the following warnings.*

RF Exposure

To satisfy FCC RF exposure requirements for vehicle mount transmitting devices, a separation distance of 20 centimeters should be maintained between the antenna of this device and persons during device operation. To ensure compliance, operations at closer than this distance is not recommended.

Do Not Remove Covers or Open Enclosures

To avoid injury, the equipment covers and enclosures should only be removed by qualified service personnel. Do not operate the equipment without the covers and enclosures properly installed.

Batteries

- Risk of explosion if battery is replaced by an incorrect type.
- Dispose of used batteries according to the instructions.

Cautions

- Use of the Vehicle Mount Computer while charging the fork truck battery is prohibited.
- Use of additional wiring and attachments not recommended or sold by the manufacturer may result in fire, electric shock or personal injury.
- If using an AC adaptor, use only the AC adaptor recommended by manufacturer.
- Do not operate the vehicle-mount computer with a damaged cord or plug. Replace immediately
- Make sure the cord is positioned so that it is not stepped on, tripped over or otherwise subjected to damage or stress.

- An extension cord should not be used unless absolutely necessary. Use of an improper extension cord could result in fire or electric shock.
- To reduce risk of electric shock, unplug the vehicle-mount computer from the DC source before attempting any maintenance or cleaning.

Warning: *Physically disconnect the 8516 from the vehicle battery during battery charging (into AC outlet).*

3.2 Charging Accessories Safety Instructions

SAVE THESE INSTRUCTIONS - This manual contains important safety and operating instructions for charging devices.

Important: *To avoid the risk of fire or personal injury, use only the AC adaptor recommended by Psion.*

- Before using the **charging accessories**, read all instructions and cautionary markings on (1) **charging device**, (2) battery and (3) product using battery.
- The mains power cord shall comply with national safety regulations of the country where the equipment is to be used.
- Use of an attachment not recommended or sold by Psion may result in fire, electric shock, or personal injury.
- To reduce risk of damage to the electric plug and cord when unplugging the **charging device**, pull the plug rather than the cord.
- Make sure the cord is positioned so that it is not stepped on, tripped over, or otherwise subjected to damage or stress.
- Do not operate the **charging device** with a damaged cord or plug. Replace immediately.
- Do not operate the **charging device** if it has received a sharp blow, been dropped, or otherwise damaged in any way; it should be inspected by qualified service personnel.

- Do not disassemble the **charging device**; it should be repaired by qualified service personnel. Incorrect reassembly may result in electric shock or fire.
- To reduce risk of electric shock, unplug the **charging device** from the outlet before attempting any maintenance or cleaning.
- An extension cord should not be used unless absolutely necessary. Use of an improper extension cord could result in fire or electric shock. If an extension cord must be used, make sure:
 - The plug pins on the extension cord are the same number, size, and shape as those on the **charging device**.
 - The extension cord is properly wired and in good electrical condition and that the wire size is larger than 16 AWG.
- For indoor use only. Do not expose the **charging device** to rain or snow.
- Do not connect the Ethernet port of the accessory to outdoor cables.
- Do not use the **charging device** if, after an overnight charge, any of the batteries feel warmer than the **charging device** housing. The **charging device** should be inspected by qualified service personnel.
- When utilizing the USB port as a charging source, the EP10 shall only be connected to CTIA certified adapters, products that bear the USB-IF logo or products that have completed the USB-IF compliance program.

3.3 Imager & Laser Safety Instructions

Important: *When equipped with an imager or scanner:*

This product is a Class I/Class II LED/laser product according to CDRH 21 CFR 1040.10 and 1040.11 and Class1/Class 2 LED /laser product according to IEC 60825-1 2nd edition.

Warnings

For your safety, it is **critical** that you comply with the following warnings:

- **Caution!** Do not look into the laser beam or point the beam at people or animals.
- Using controls or adjustments, or performing procedures other than those specified herein may result in hazardous radiation exposure.
- Using optical instruments with this product will increase eye hazard.

3.4 Battery Safety Instructions

Warning: ***BATTERIES MUST BE DISPOSED OF SAFELY AND PROPERLY AND IN ACCORDANCE WITH LOCAL LEGISLATION. For proper disposal, forward all used batteries to one of:***

Psion Inc.
2100 Meadowvale Blvd.
Mississauga, Ontario
Canada
L5N 7J9

Psion Corporation
3000 Kustom Drive
Hebron, Kentucky
USA 41048

Psion S.A.
Parc Club Du Golf-Bat 1.
13856 Aix-En-Provence
Cedex 3
France

You can also contact your local Psion representative for battery disposal information in your area, or go to the following web site to locate a Psion office:

http://www.pSION.com/us/about/contact_pSION-offices.htm

Warning: Counterfeit Lithium-Ion Battery Packs!

Only use genuine Psion battery packs. Counterfeit battery packs and battery packs re-manufactured using non original battery cells and components could pose a safety hazard due to poor quality components and/or lack of safety protection circuits. Non genuine battery packs are also not likely to meet the strict functional and environmental specification required for safe and correct operation when used in Psion equipment. Using or attempting to recharge non genuine battery packs could result in poor performance, product damage, excessive heat being generated, battery leakage, fire or explosion resulting in personal injury. To avoid these issues only purchase and use genuine battery packs from authorized Psion distributors.

All batteries recommended for this system have been qualified to IEEE1725: 2006. Replace only with the same or equivalent type recommended by Psion. Dispose of used batteries according to the instructions.

Vorsicht: Explosionsgefahr bei unsachgemäßem Austausch der Batterie. Ersatz darf nur durch denselben oder einen vom Hersteller empfohlenen gleichwertigen Typ erfolgen. Gebrauchte Batterien sind nach Angaben des Herstellers zu entsorgen.

The battery must be fully charged before first use.

Warning: Before charging or using the battery pack, it is critical that the safety information in this section be reviewed and that all warnings are strictly followed.

Warning: TO PREVENT the battery from leaking acid, generating heat or exploding, adhere to the precautions below.

- **Caution!** Danger of fire, explosion, leakage or other hazard if a battery is incorrectly handled, charged, disposed of or replaced.

- The battery incorporates built-in safety devices. To ensure their proper function, do not disassemble or alter any parts of the battery.
- Do not short-circuit the battery by directly connecting any of the exposed terminals with metal objects such as wire. Do not transport or store the battery together with metal objects such as necklaces, hair pins, etc.
- Do not dispose of batteries in fire as they may explode or release toxic materials and cause burns.
- Do not use or leave the battery near a heat source such as a fire or heater.
- Do not immerse the battery in water.
- When charging, use the charging device specifically designed for the battery.
- Do not pierce, strike, throw or step on the battery.
- Do not directly solder the battery.
- Do not connect the battery to an electrical outlet, vehicle cigarette lighter, etc.
- Do not put battery into a microwave oven or pressurized container.
- Immediately remove the battery from the device or charger and stop use if the battery gives off an odour, generates heat, becomes discoloured or deformed, or in any way appears abnormal during use.
- Do not continue charging the battery if it does not recharge within the specified charge time.
- The battery may burst or ignite if the battery leaks. Always ensure that it is away from any exposed flames.
- If leaking electrolyte sprays into your eyes, rinse them with clean running water, and immediately seek medical attention.
- Do not store the battery in extremely high temperatures (e.g., a vehicle, strong direct sunlight, etc.). This may cause the battery to overheat or ignite, and it may also reduce the performance and service life of the battery.
- Do not use in areas where static electricity is greater than what the manufacturer guarantees.

- Keep batteries out of reach of children.
- Do Not Operate In An Explosive Atmosphere! Operating Psion equipment where explosive gas is present may result in an explosion.
- Do not remove covers or open enclosures! To avoid injury, the equipment covers and enclosures should only be removed by qualified service personnel. Do not operate the equipment without the covers and enclosures properly installed.
- Avoid dropping the hand-held or battery. If the computer or the battery is dropped, especially on a hard surface, and the operator suspects damage, have it checked by qualified service personnel.

4. Support Services & Worldwide Offices

Psion provides a complete range of product support services to its customers worldwide. These services include technical support and product repairs.

4.1 Technical Support

For technical support in North America:

Call Toll free: +1 800 387 8898 Option 3, or

Direct Dial: +1 905 813 9900 Ext. 1999 Option 3.

For technical support outside of North America, please follow the link for your region on the Psion Community Support website at:
