

EQUIPEMENT UNDER TEST (E.U.T.) PHOTOGRAPH(S)

HF AM1 OMNII

<p>Radiated electric field emission on anechoic chamber</p>	 A photograph showing a mobile phone standing upright on a wooden table inside an anechoic chamber. The chamber walls are covered with dark, pyramidal-shaped electromagnetic absorbers. A red horn antenna is positioned to the right of the phone, connected to a piece of equipment on the table. A power supply unit and various cables are visible on the floor to the right of the table.
<p>Radiated electric field emission on OATS</p>	 A photograph showing a mobile phone on a table covered with a white, textured material labeled 'OATS' (Oxygen Absorbent Thermal Shielding). The table is supported by white legs. A red horn antenna is positioned to the right of the phone, connected to a piece of equipment on the table. The background shows a dark, possibly metallic, wall.
