RE: ATCB006808 – Class II PC / Reassessment

FCC ID: GOH-GMRFAB01 & IC: 3954A-RFA1 for Code Systems, Inc.

The following is in response to the comments made on the above referenced application.

1. The model numbers shown in the label exhibit do not agree with the model numbers shown in the IC application form or the test reports (TX and RX). The model numbers in the label exhibit are GM19131628 and GM19131602. The model numbers in the IC application form and the test reports (TX and RX) don't have the "GM" prefix. Please replace the incorrect exhibit(s).

Exhibits have been corrected to reflect the numbers shown on the ID labels.

2. Stephanie Murphy is listed as the contact person for Code Systems on the FCC Grantee Code Database for Grantee Code GOH. As such, she is the authorized person to sign the FCC agency letter for Code Systems. Unfortunately Joseph Santavicca has signed this letter giving Val Liepa power of attorney on this application. Please provide either a letter signed by Stephanie Murphy giving Joseph Santavicca the authority to sign the FCC agency letter for Code Systems on this application or submit a new FCC agency letter signed by Stephanie Murphy. Alternatively you can have the FCC Database changed to list Joseph Santavicca as the contact person for Code Systems. For help changing the contact person for Code Systems, you may contact Ms. Marianne Bosley of ATCB by email at Marianne@atcb.com.

The FCC database has been updated to reflect Joseph Santavicca as Code systems new contact.
