Re: Class II Certification for TRW Transmitter
Model/PN(s): 217653-105, 217653-106
FCC ID: GQ429T
IC: 1470A-10T

EXISTING FAMILY / FAMILY PREVIOUS / CLASS II JUSTIFICATION

There have been minor changes to model/PN(s) 217653-105, 217653-106. The original products SAW resonator manufacturer has discontinued production of that component and it is no longer available. It is now being replaced by a new resonator with a slightly different footprint, resulting in a minor layout change. Other than this minor change, the device is electrically and functionally identical to that originally certified.
