Re: Change of ID for TRW Receiver  
New FCC ID: GQ4-43R  
New IC: 1470A-15R

Please find enclosed application materials for a Change of ID for a TRW receiver that was originally certified in 2009. The Part Numbers to be added are given below in bold.

History:

Original Grant: April, 2009; FCC ID: GQ4-42R, IC: 1470A-14R; (IC Model/PN: 223126-101),  
REF No: ATCB007493

Current Action

This device is being labeled with a secondary product number to be sold for a different vehicle manufacturer. The device is physically and electrically identical to the device originally certified.

The new FCC ID to be added is:  
GQ4-43R

Since the device is identical to the original device, with only a labeling change, the changes made qualify as a change of ID.

If there are any questions, please call me at (734) 483-4211, e-mail: [liepa@umich.edu](mailto:liepa@umich.edu).

Sincerely,

A handwritten signature in black ink that reads 'Valdis V. Liepa'.
