Dear Sir/Madam:

I would like to change the intended label (FCC ID: GSAMCT237) with corrected one. The correction was performed in accordance with TCB (EMCCert DR. RAŠEK GmbH) requirements. It was suggested to distinguish model of the tested device from operational frequency (marked on the Label). It is specified now in corrected Label presented to TCB EMCCert DR. RAŠEK GmbH.

Sincerely,

Arick Elshtein
