Subject: Application for certification of the wireless alarm control panel, model PowerMax Pro, comprising 315 MHz transceiver and 128 kHz transmitter, FCC ID:GSAPWRMAXPRO

Dear Gentlemen,

Please find attached our application for certification of the wireless alarm control panel, model PowerMax Pro, FCC ID:GSAPWRMAXPRO, prepared in accordance with FCC Rules, parts 15 and 2.

The device includes the CDMA wireless module, FCC ID:O9EQ2438F-M. There is NO difference between the originally certified CDMA module and the one used in the Powermax Pro, except of antenna in the Powermax Pro is different. The CDMA module may be equipped with internal or external antenna. The peak output power and RF exposure measurements were performed, the Application for Class II Permissive Change was put at ATCB disposal.

The product testing and this application for certification were performed by Hermon Laboratories, which is listed by FCC, Registration Numbers 90623, 90624, responsible person is Mr. Alex Usoskin, tel: 011 972 4628 8001, fax:011 972 4628 8277, e-mail: mail@hermonlabs.com.

Please send an invoice to Hermon Labs.

We hope this application satisfies your requirements.

Arick Elshtein,
International Standards Manager
