

A small, light-colored, rectangular object, possibly a USB drive or a small electronic component, lying on a blue surface. The object is positioned horizontally. It has a smooth, slightly rounded top and bottom edge. A small, rectangular metallic component is visible on the right side of the object, possibly a connector or a sensor. The object is approximately 1.5 inches long and 0.5 inches wide.

A small, light-colored, cylindrical object with a curved top and a small opening, positioned next to a yellow measuring tape and a stainless steel ruler for scale.
