#### Connecting the Earbuds

- Long press the [POWER] button on one earbud until its LED indicator flashes BLUE.
- Double quick press** the [POWER] button on this earbud to designate it as the "main" earbud. The LED indicator on this earbud will flash RED and BLUE.
- Long press the [POWER] button on the other earbud until the LED indicator flashes BLUE.
- Quick press** the [POWER] button on this earbud to designate it as the "second" earbud. The LED indicator will flash RED and BLUE.

After a moment, a tone will be heard on both earbuds and the LED indicators will both flash BLUE, indicating that the earbuds can now be paired to a Bluetooth device.

**NOTE:** To keep track of which is the "main" earbud, it may be useful to always designate the same one (right or left) as the main whenever you connect the earbuds.

**i** Make sure that both earbuds have been charged before trying to connect them.

#### Charging the Earbuds

To charge the earbuds, place them into the charging seats. Attach the micro USB charging cable to the micro USB port on the side of the charging pod and press the [CHARGE] button.

The LED indicator will turn GREEN while charging and turn OFF when charged.

**NOTE:** Gently place and retrieve the earbuds from the charging pod.

**i** Make sure you charge your earbuds for at least 2-3 hours before using them for the first time.

#### Using the Earbuds

**NOTE:** Consult the "Connecting the Earbuds" section of this user guide for designating which earbud is the "main" earbud.

#### Powering ON/OFF

- Long press the [POWER] button on the earbuds to turn ON/OFF.

#### Playing Music

To enjoy music on your earbuds, make sure the earbuds have been connected to each other and they are paired to a Bluetooth-enabled device. Once paired, you can control media playback and volume with the controls on your paired device or with the following controls on the earbuds:

#### Playing/Pausing Music

- Quick press the [POWER] button to play/pause media playback.

#### Answering/Ending Phone Calls

- Quick press to answer an incoming phone call.
- Quick press to end the phone call.

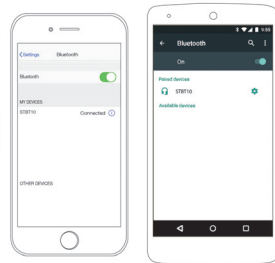

**NOTE:** When using the earbuds for a phone call, sound will only be heard on the main earbud.

#### Pairing the Earbuds to Bluetooth

- Once the earbuds are connected to each other, long press the [POWER] button on one of the earbuds, the LED indicator will flash RED and BLUE.
- Set your Bluetooth-enabled device to search for Bluetooth devices. When the Bluetooth-enabled device finds the earbuds, select "STBT10" from the list of found devices.
- Press the [POWER] button on the other earbud until its LED indicators flashes BLUE then let go of the button.

**i** If a previously paired device is in range when the earbuds are turned on, the earbuds will connect to it automatically.

**On an iOS or Android Device**  
 • Go to **SETTINGS > BLUETOOTH**  
 (Make sure Bluetooth is turned ON)

**i** The screenshots above are typical of many Bluetooth-enabled devices in the market today, and are used to assist in the explanation of the pairing process. Your Bluetooth-enabled device's interface and interaction with the earbuds may differ slightly from the illustrations above.

#### Legal Information

##### READ CAREFULLY AND KEEP THIS MANUAL

**Note:** This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

**Caution:** Any changes or modifications to this device not explicitly approved by manufacturer could void your authority to operate this equipment.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.
