IN THE BOX

Wireless Light-Up
Cat Speaker

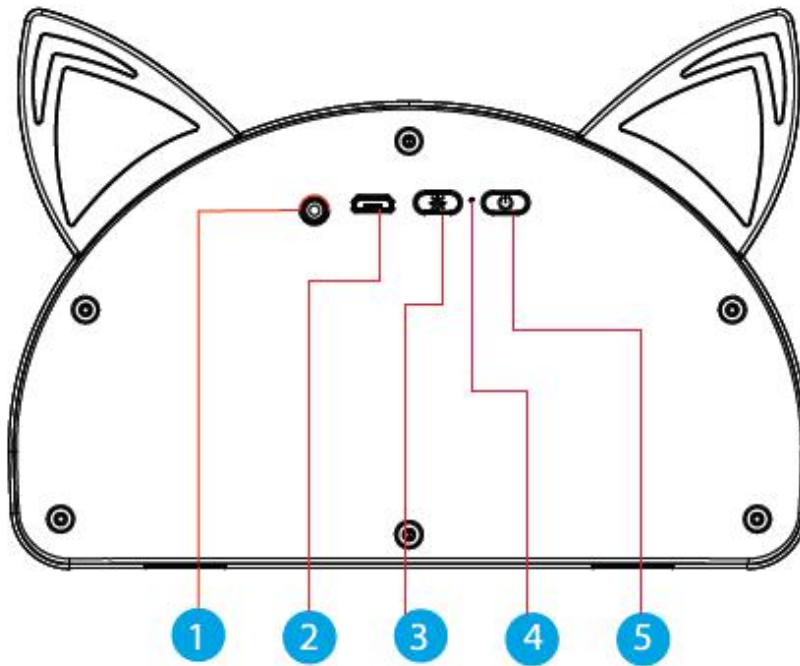

3.5mm
Auxiliary Cable

Micro USB
Charging Cable

LOCATION OF CONTROLS

(Back panel)

1. AUX-IN Jack
2. Micro USB charging port
3. Light mode button
4. LED indicator
4. Power button

CHARGING THE SPEAKER

1. Attach one of the small end of the micro USB cable to the USB charging port on the back of the speaker.
2. Connect the large end of the micro USB charging cable to your computer or other USB charging device.
3. The Power LED indicator will stay solid RED while charging and turn off when it is fully charged.
4. Remove the micro USB charging cable when charging is complete.

Make sure you charge the speaker for at least 1 to 2 hours before using it for the first time.

PAIRING THE SPEAKER

1. Flip the power switch on the back of the speakers to the ON position. Each speaker will play a tone when powered on indicating it has power and its Bluetooth LED will rapidly flash BLUE, indicating that the speakers are going to pair to each other.
2. A second tone will play from one of the speakers indicating that it has paired to the main speaker and its Bluetooth LED will slowly flash BLUE. The main speaker's Bluetooth LED will continue to rapidly flash BLUE.
3. Set your Bluetooth-enabled device to search for Bluetooth devices.
4. When your mobile phone (or other Bluetooth-enabled device) finds the speakers, select "PBT526" from the list of found devices.
5. After a successful pairing, a tone will play from the main speaker whose Bluetooth LED will now stay solid BLUE to indicate that it is paired. The second speaker's Bluetooth LED will continue to flash BLUE.

WARRANTY

This product as supplied and distributed new by AIT, Inc. ("AIT") to the original consumer purchaser is warranted by AIT against defects in material and workmanship for a period of one year from your date of purchase ("Warranty"). In the unlikely event that this product is defective, or does not perform properly, you may within one year from your original date of purchase return it to the authorized service center for repair or exchange.

TO OBTAIN WARRANTY SERVICE:

- Call the Customer Support number located below, or go to our website portal to receive an SRO number.
- Provide proof of the date of purchase within the package (dated bill of sale).
- Prepay all shipping costs to the authorized service center, and remember to insure your return.
- Include a return shipping address (no P.O. Boxes), a telephone contact number, and the defective unit within the package.
- Describe the defect or reason you are returning the product.

Your product will be repaired or replaced, at our option, for the same or similar model of equal value if examination by the service center determines this product is defective. Products received damaged as a result of shipping, will require you to file a claim with the carrier.

The shipping address of the authorized service center is:

Customer Service Dept. 36
c/o Southern Telecom
400 Kennedy Drive
Sayreville, NJ 08872

IN NO EVENT WILL AIT, ITS MANUFACTURERS, DISTRIBUTORS OR PLR IP HOLDINGS, LLC BE LIABLE FOR ANY INCIDENTAL, DIRECT, INDIRECT, SPECIAL, PUNITIVE OR CONSEQUENTIAL DAMAGES (SUCH AS, BUT NOT LIMITED TO, DAMAGES FOR LOSS OF PROFITS, BUSINESS, SAVINGS, DATA OR RECORDS) RELATED TO THIS PRODUCT. EXCEPT AS STATED HEREIN, NO OTHER WARRANTIES SHALL APPLY.

TROUBLESHOOTING

 I can pair the speakers with my Bluetooth device, but I cannot hear any music.

1. Make sure your Bluetooth device supports A2DP profile.
2. Turn up the volume on your Bluetooth device.
3. You may have to unpair the speakers, then re-pair to your device (refer to the “Pairing the Speakers” section of this guide).

 My Bluetooth device is not able to pair with the speakers.

1. Make sure the speakers are turned ON before beginning the pairing process.
2. Keep the speakers and Bluetooth-enabled device within 3 feet of each other during the pairing process.
3. Check that YOUR device’s Bluetooth feature is turned ON.
4. Try repeating the pairing process. Refer to the “Pairing the Speakers” section of this guide.
5. Make sure the speakers are charged and no other devices are paired to them.

 I cannot get the speakers into pairing mode.

1. Make sure the speakers are turned ON before beginning the pairing process.
2. Make sure that your device’s Bluetooth feature is turned on and the device is ready to search for Bluetooth devices.
3. Check that the speakers are charged and no other devices are paired to them.

PLAYING MUSIC

To enjoy music wirelessly on your Wireless Speaker, make sure that the speakers are properly paired to your Bluetooth-enabled device. If you are pairing the device for the first time, please consult the “Pairing the Speaker” part of this user guide.

Media playback and volume adjustment is controlled through your Bluetooth-paired device.

NOTE: Your Bluetooth-paired device must be within 10 to 12ft of the speaker to maintain connection and properly operate.

LED Light Modes

The PBT526 has 4 unique LED light modes that can be activated by quick pressing the LED light mode button on the back of the speaker.

On an Apple or Android

• Go to **SETTINGS > BLUETOOTH** (Make sure Bluetooth is turned ON)

The screenshots above are typical of many Bluetooth-enabled devices in the market today, and are used to assist in the explanation of the pairing process. Your Bluetooth-enabled device's interface and interaction with the Bluetooth Speaker may slightly differ from the illustrations above.

Caution: Any changes or modifications not expressly approved could void the user's authority to operate the equipment.

FCC Part 15:

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

PLR IP Holdings, LLC, its licensees and affiliates, fully support all electronic waste initiatives. As responsible stewards of the environment, and to avoid violating established laws, you should properly dispose of this product in compliance with all applicable regulations, directives or other governances in the area where you reside. Please check with local authorities or the retailer where you purchased this product to determine a location where you can appropriately dispose of the product.
