

Declaration of Similarity

Hereby declare that:

ADTP1 with new motherboard - Basic model with 140W power supply
Height: 13.8 inches (351.1 mm), Width: 11.6 inches (293.5 mm), Depth: 21.7 inches (550.8 mm), Weight: 33 lb. (15 kg)

ADTP1CT with new motherboard - the cutter ready version of the ADTP1 family (contains a 300 Watt Power supply, instead of the standard 140 Watt Power Supply due to the accessory cutter used).

ADTP2 – physically smaller than the ADTP1 [Height: 12.0 inches (304.8 mm) Width: 11.0 inches (279.4 mm), Depth: 18.0 inches (457.2 mm), Weight: 24.4 lb. (11.07 kg)], uses the same 140W power supply as the ADTP1, uses a different accessory cutter from the ADTP1CT that allows the usage of the 140W power supply. The ADTP2 will use the same RFID reader and the same Wifi radio as the ADTP1. (NOTE: ADTP2 is physically smaller than the ADTP1 but the PCB board size is the same)

The mother board for ADTP1, ADTP1CT and ADTP2 will be the same.
