RE: label drawing update to FCC website

Dear Sir,

We've obtained a FCC grant for FCC ID: GV3M01017 on May 5, but we found the label information is incorrect from FCC website, since our manufacturer was provided with wrong label information for FCC submission. In our mechanical designing, the FCC ID will be carved on the bottom of battery compartment and marketing the device without the battery installed, FCC identifier is visible at the time of purchase.

Attached please find the FCC ID location drawing, please help to update this document on the website.

Should you have any questions, please don't hesitate to let me know.

Sincerely yours,

A handwritten signature in black ink, appearing to read 'Maggie Zhang', written over a horizontal line.

Maggie Zhang
