

Memo

Date: June 11, 2009

Federal Communications Commission
Authorization and Evaluation Division

Declaration letter for label requirement

FCC ID: GV3M01046-T

To resolve the burden of have two plastic strips attached in-between battery cover and the product body, we decided to add one more set of FCC ID inside the battery chamber in the future production of this model. The battery(s) will not be pre-installed in the battery chamber to make sure that the end-user can notice the ID location.
