Subject: Lutron RF technology – GX70101

Dear Sir or Madam:

In conjunction with our technology partner Hubbell, Lutron is providing the RF technology to be used in the Hubbell products under filing number GX70101. This letter is to formally give approval to use the following materials and information provided by Lutron pertaining to the RF technology for all models in this submission.

1. Schematics
2. Operational Description
3. Bill of Material
4. Block Diagram

As per the separate "Request for Confidentiality" letter dated June 13, 2013, the above-mentioned materials and information are Lutron Electronics Co., Inc. confidential. In addition to being withheld from public inspection, they must also be withheld from inspection by our technology partner Hubbell Inc.

Thank you for your cooperation.

Sincerely,

Neil Orchowski
Engineering Project Leader
