

FCC ID LOCATION

The image shows the rear panel of a white electronic device. At the top, there is a speaker grille with a pattern of small circular holes. In the center of the grille is a small, embossed logo of a cube with a stylized 'E' inside. Below the grille is a white rectangular label with the text 'FCC ID LABEL' in bold black letters. Underneath the label is a recessed area containing a black power button and a blue Ethernet port. A white Ethernet cable is plugged into the port. The cable is coiled on a light blue surface. At the bottom of the image, there is a white label with the number '051705' in bold black letters.
