Re: About the modification of Monitor

Gentlemen:

I, hereby, declare that all modification on the E.U.T.,
FCC ID: H4IEV700, will be added or layout on the mass production
products. Modifications are shown as below:

1. Add a core on Video cable near monitor.
(As the photo No.2)
2. Add a Video metal cover on Video beard.
(As the photo No.4)
3. Add ground wire from Video cover to CRT ground wire.
(As the photo No.5)
4. Add a core on each G1/G4 wire with one turn.
(As the photo No.8)
5. Add a PCB each under main board on power supply and FBT side.
(As the photo No.12)
6. Add a core on G1/G4 together.
(As the photo No.8)
7. Add a core on ground choke.
(As the photo No.8)
8. Add a core on ground wire of Signal cable.
(As the photo No.8)
9. Add two cores on G2 wire.
(As the photo No.8)
10. Add two cores SDA/SCC wire assembly.
(As the photo No.8, No.11)
11. Add two cores SDA/SCC wire assembly.
(As the photo No.11)
12. Add a core on internal R.G.B. wire..
(As the photo No.8, No.11)
13. Add a core on wire from CRT neck to video cover.
(As the photo No.8, No.8)

Sincerely yours

Douglas Yang
Supervisor
