Federal Communications Commission  
Office of Engineering and Technology  
Equipment Authorization Division

To whom it may concern,

Subject: FCC ID: H4JAMP-4-150.

We request a Class II Permissive change to add variable power output and the addition of the emission designator G2B.

No hardware changes were made to add these changes.

The device has been tested to show that it continues to comply with FCC requirements.  
The test report is included in the filing.
