**CLASS II PERMISSIVE CHANGE REQUEST**

**Reference:**      **Model:**              UT-4E850-00-300

Attached, please find supporting documentation for a **Class II Permissive Change Filing** on the UT-4E850 UHF **Transmitter**, operating in the 799 - 869 MHz frequency band of the Land Mobile Services in accordance with 47 CFR§ Parts 90. This Class II Permissive Change is for the extension of the frequency range to 768-869 MHz. There have been no modifications to the transmitter either externally or internally and as such only the test report has been included as an exhibit along with this cover letter. All previous exhibits submitted with the original application still pertain to this equipment.
