

Response to TCB Findings

1. Please point out the section where we can find the DC voltages and currents in the final RF amplifier stage of the transmitter in the operational description.

DC voltages and currents in the TX amplifier stage can be found in the Operational Description Exhibit on the following pages:

- Page 1 Section 2.1
- Pages 34 and 35 Sections 2.1, 2.2 and 2.3

2. The tune-up procedure described in the operational description should be extracted and supplied as a separate exhibit.

Tune-Up Procedure attached as a separate exhibit. Revised Operational Description also attached.
