CLASS II PERMISSIVE CHANGE REQUEST

Reference: **Family:** **VT-4D150**
 Model: **VT-4D160**

Attached, please find supporting documentation for a **Class II Permissive Change Filing** on the **VT-4D150 VHF Transmitter Family**, operating in the 136-174 MHz frequency band of the Land Mobile Services in accordance with 47 CFR§ Parts 22 & 90. This Class II Permissive Change is for the addition of Part 80 'Stations in the Maritime Services' to the original filing, in the frequency range 156 to 162 MHz. There have been no modifications to the transmitter either externally or internally and as such only the original test report is included as an exhibit along with this cover letter. All previous exhibits submitted with the original application still pertain to this equipment.
