**CLASS II PERMISSIVE CHANGE REQUEST**

**Reference:**      **Model:**      VT-4E150

Attached, please find supporting documentation for a **Class II Permissive Change Filing** on the VT-4E150 VHF **Transmitter**, operating in the 136 - 174 MHz frequency band of the Land Mobile Services in accordance with 47 CFR§ Parts 22, 80 & 90. This Class II Permissive Change is for the addition of two emission designators, 16K0G3E and 16K0G2B. There have been no modifications to the transmitter either externally or internally and as such only the test report showing the relative emission mask has been included as an exhibit along with this cover letter. All previous exhibits submitted with the original application still pertain to this equipment.
