EXHIBIT F

The image shows the rear side of a device, likely a mobile phone or a small electronic unit. It features a dark metal chassis with various components visible. On the left side, there is a large, rectangular antenna. In the center, there is a small, circular component, possibly a speaker or a microphone. On the right side, there is a large, rectangular component, possibly a battery or a power source. The device is secured with several screws. A small, cylindrical component is visible at the top left. The overall appearance is that of a rugged, industrial-grade electronic device.
