April 30, 2012

To whom it may concern,

We, Advance Security Inc., here confirm that there has no change on either hardware or software in this remote control documented in FCC ID: H5OT51.

The new test data is being filed to add information on maximum field strength is due to the battery voltage issues during the original tests.

If you have any questions, please feel free to contact us.

Thank you!!

ADVANCE SECURITY INC.

A handwritten signature in dark ink, appearing to be "Michael Chen", written over a horizontal line.
