Timco Engineering, Inc.  
849 NW State Road 45  
Newberry, FL 32669

Ref: Request for C2PC on our FCC ID: H78KPMT2W

This will serve as a request for a C2PC on the above referenced FCC Identifier. There have been no changes to the circuit except the PA chip was changed and the device is now providing 6.5Vdc instead of 12.8Vdc. The change is in the internal battery package.

We are providing update documents in the filing.

Sincerely,

A handwritten signature in black ink that reads 'Yoram Kenig'. The signature is written in a cursive style and is positioned above a horizontal line.

Yoram Kenig
