Final Product Implementation Guidelines

FCC ID: H8V-W13AMOTEF1

The following guidelines will be included in the final product implementation guide:

- Affix the FCC ID label (FCC ID: H8V-W13AMOTEF1) on the module.
- Affix a second label (Contains FCC ID: H8V-W13AMOTEF1) on the outside of the final product (host module).
- Conduct Verification testing on final product (host module) to ensure compliance with CFR 47, Part 15, Subpart B. This is to insure that the final product maintains full compliance with FCC regulations.
- Include the following statements in the User Manual of the end product:

“This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.”

“Warning: Modification of this product without the express consent of the applicant may void authority granted to the user by the FCC to operate the device.”
