**Re: Class II Permissive Change Authorization**

**FCC ID: H9PLA3121-100**

Date: July 18, 2002

Dear Mr. Shepherd:

This letter grants authorization for representatives of Cognitive to apply to the FCC for a Class II Permissive change. This authorization applies to Symbol Technologies Spectrum 24® WLAN PC Card FCC ID H9PLA3021-100 granted on 07/19/1999. The purpose of the change is to add your Code Ranger printer antenna to the list of previously granted antennas. The radio equipment is electrically identical the only change being a new antenna configuration for Cognitive's printer.

If there are any questions about this authorization, please call me at the number above.

Respectfully,

A handwritten signature in blue ink that reads "Norm H Nelson".

Norman H. Nelson  
Sr. EMC Engineer
