RE: Authorization for TUV America Corporation to apply for Regulatory Approvals for products that include Symbol Technologies Inc. radio cards.

Dear Mr. Schneider,

This letter grants authorization for TUV America to apply for Regulatory Approvals for products that include the Symbol Technologies Inc. radio cards.

This letter grants authorization for TUV America to apply to the Federal Communications Commission, Industry Canada, and other International Regulatory Agencies for a Grant, Listing, Permissive Changes or Multiple Listings under another company's Grantee Code or the equivalent, for products that include the Symbol Technologies Inc. radio cards.

This letter grants authorization to pursue and have issued Test Reports that are for the single purpose of gaining International Regulatory Approvals for products that include the Symbol Technologies Inc. radio cards.

No other changes or modifications are authorized; all of Symbol Technologies Inc. Regulatory Approvals for the radio cards are to remain in effect and on file.

I further certify that the applicant nor any party to the application is subject to a denial of Federal benefits, that includes FCC benefits, pursuant to Section 5301 of the Anti-Drug Abuse Act of 1988, 21 U.S.C. Section 862.

This letter of authorization to remain in effect until notified or 3 years, which ever comes first.

Respectfully,

A handwritten signature in blue ink that reads "Mark S. Luksich".
