**Overview**

This application is for the Class II Permissive Change of Symbol's spread spectrum transmitter, FCC ID:H9PLA4137. The radio is installed inside of Spacelab's Model 91370 monitor unit. There have been no changes to the radio. The purpose of the Class II permissive change is to approve the use the Symbol radio in the 91370 monitor. The radio has previously been approved for use in the Spacelab's Model 91369 monitor. Spacelab Medical will continue to use the same Nearson internal antenna that was used in the 91369 monitor. Symbol has provided a letter granting permission to Spacelabs to make this application.

**Recommendation**

All items have been resolved and completed to my satisfaction; therefore I recommend this application for approval.
