Correspondence Reference Number: 31848 & 31850
731 Confirmation Number: EA398848 & EA783470
Date of Original E-Mail: 10/19/2006

Dear Diane.

Subject: FCC Equipment Authorization System

1) FYI no-response required: FCC web address in user manual appears to be wrong ("gove") - please correct

Response: Thank you for pointing out the typo.

2) Per 47 CFR 2.1033(b)(3) and 2.1033(c)(3), besides regulatory info already filed under User Manual exhibits folder, please also submit final-product operating instructions, at least for transmitter/wireless portions.

Response: The related user's manuals have been uploaded to EAS with this response.

3) "MC70 REGULATORY INFORMATION" sheet mentions "normal operating position" relative to RF exposure -if not in filing already, please submit info showing how users are informed of this normal position.

Response: The normal operating position refers to the handheld position as described in the Quick Start Guide uploaded.

Best regards,

Gary Chang
