Applicability of SAR Report WS611524-003 Issue 1 to the MC9000 Product Family

The fully equipped product covered by H9PMC9062A consists of the following 3 Radio transmitters:

- A PCT Dual band 1900 GSM Transmitter
- A DTS RLAN 802.11 Transmitter
- A DSS Bluetooth Transmitter

It has already been accepted by the FCC that for this particular application results obtained on the fully configured version may also be used in support of the following sub-equipped variants

- H9PMC9062C
- H9PMC9002A
- H9PMC9002C

Accordingly this test report is being used in support of the co-tx SAR tests for the subequipped versions

Yours sincerely

Hilton Carr
