Symbol Technologies, Inc.

Federal Communications Commission
Office of Engineering and Technology
Equipment Authorization Division
7345 Oakland Mills Road
Columbia MD 21046

September 16, 2014

SUBJECT: FCC Application for FCC ID: H9PRA1202

To the commission:

This equipment meets the requirements of the FCC Rules, Parts 90.203(e) and (g), as applicable.

The transmitter output power, channels, frequency bands, and settings (DFS/TPC) are hard coded in the firmware during production, no firmware is released outside the company that can alter these production settings.

There are no external operational controls or software controls in this device that allow the use of frequencies that are not included on the FCC Grant.

Respectfully,

A handwritten signature in blue ink that reads "Mark S. Luksich".
