

Hydra (WSAP-5030 & WSM-5030)

RF Module Type WSM5030 (FCC ID: H9PWSM5030)

FCC Correspondence Reference Number: 10080 - Item: 1

Request for Limited Modular Approval (LMA) Reference Public Notice DA 00-1407:

The 2.4GHZ RF Module Type WSM5030 (FCC ID: H9PWSM5030) can only be used within the Host Product Type WSAP5030 (FCC ID: WSAP5030).

When installed, in the Host, the RF Module (H9PWSM5030) is in full compliance with the FCC requirements.

The module meets the following requirements of DA 001407:

Numbers Ref:001407

- 2 The module has buffered modulation / data inputs to ensure that the module will comply with Part 15 requirements under conditions of excessive data rates or over-modulation.
- 3 The module has its own power supply regulation.
- 4 The antenna connections are "unique".
- 6 The module has its own label with its own FCC ID number.

The following requirements are met when installed in the host:

- 1 The RF shielding is provided by the host.
- 5 The module complies with FCC Part 15 when tested in the host.
- 7 The module complies when installed and operated in accordance with the user instructions.
- 8 The modular transmitter meets the RF exposure requirements applicable to the host.
