Re: EA94626, Ref. No. 8683  
Correct Grantee Code

This request follows Hank's discussion with Betty Taube on July 8, 1999 concerning the solution to the problem of receiving of the grant of authorization. We would like to list Chamberlain as the manufacturer and the responsible party for Radio Shack. The 731 form information is correct as originally submitted on June 23, 1999.

The FCC ID of this model, upon certification, will be HBWAAO61-2115.

I have also attached the photographs of the identification and location of the label as originally submitted on June 23, 1999.

Please proceed with the processing of this application.

Sincerely,  
THE CHAMBERLAIN GROUP, INC.
