Qualification Statement
EN1244 – Smoke Alarm

FCC: HCQ3B6OT9GSK
IC: 2309A-OT9GSK

The EN1244 Smoke Detector is being added to the Inovonics wireless device offering to satisfy the demand for a household UL268 certified smoke detector capable of transmitting an alarm to a UL985 certified control panel.

The EN1244 EchoStream wireless smoke detector is a wireless, battery-powered photoelectric smoke detector, which includes a built-in sounder for alarm alerts, a visual status LED, a smoke sensor, a back tamper, and an all-new Inovonics radio transmitter.

Sincerely,

_____
