Qualification Statement EN1245 – CO Detector

FCC: HCQ3B60T9GSKC

IC: 2309A-OT9GSKC

The EN1245 CO Detector is being added to the Inovonics wireless device offering to satisfy the demand for a UL2075 certified CO Detector capable of transmitting an alarm to a UL985 certified control panel.

The EN1245 EchoStream[®] wireless CO Detector is a wireless, battery-powered carbon monoxide detector, which includes a built-in sounder for alarm alerts, visual status LEDs, a CO sensor, a back tamper, and an Inovonics radio transmitter.

Sincerely,

A handwritten signature in black ink, appearing to read 'Corey Leavitt', with a long horizontal flourish extending to the right.

Corey Leavitt
