FCC STATEMENT

This equipment has been tested and found to comply with part 15 of the FCC Rules. *These limits are designed to provide reasonable protection against harmful interference in a residential installation.* This equipment generates, uses, and can radiate radio frequency energy, and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and the receiver.
- Consult the dealer or an experienced radio/TV technician for help.
- Changes or modification not expressly approved by party responsible for compliance could void the user's authority to operate the equipment.

Product and colors may vary.

User cannot modify this product.
