FCC Part 22/24 Certification
Request for Confidentiality

Gentlemen:

In accordance with 0.459 of CFR 47, DAP Technologies hereby requests confidentiality of the Block Diagram, Schematic Diagrams, Operational Description, Parts List, and Tune-Up Procedure attachments for the subject application.

These documents contain detailed system and equipment description and related information about the product in which DAP Technologies considers to be proprietary, confidential, and a custom design and, otherwise, would not release to the general public. Since this design is a basis from which future technological products will evolve, DAP Technologies considers that this information would be of benefit to its competitors, and that the disclosure of the information in these documents would give competitors an unfair advantage in the market.

Sincerely,

A handwritten signature in black ink, appearing to read "Eric Boisvert".
