Subject: Request for Confidentiality
FCC ID: HFS-LI170

To Whom It May Concern,

Pursuant to the provisions of Sections 0.457 and 0.459 of Commission's rules (47 C.F.R. §§0.457, 0.459), as well as the Office of Engineering Technology's Public Notice DA 04-1705, we are requesting that the Commission withhold the following confidential documents from public disclosure until **180 days** after the grant date of the requested equipment authorization. As recognized in Public Notice DA 04-1705, we make this request in order to comply with the marketing regulations in 47 C.F.R. § 2.803 and the importation rules in 47 CFR § 2.1204, while ensuring that business sensitive information remains confidential until the actual marketing of newly authorized devices. The market for consumer electronic devices such as the one being certified is highly competitive, and public disclosure of these documents before sale would be harmful to our company and would give competitors an unfair advantage in the market. Quanta has taken care to safeguard the confidentiality of these documents.
