

Quanta Compute Stick

Quad Core Intel™ Atom / Windows 10

Product Manual

Specifications

CPU	Intel® Atom™ Z8300
OS	Windows 10
Memory	2GB DDR3
Storage	32GB eMMC
Expansion	Micro SD · Max 64GB
Display	HDMI
Wireless	WiFi 802.11 B/G/N · BT 4.0
Port	USB 3.0 x 1
Input	Micro USB
Power	5V/3A

Package Contents

Getting Started

1. Connect the HDMI to the corresponding port on the television (use in conjunction with the HDMI extension cord if the distance between the product and the television exceeds the length of the HDMI cable) and select the appropriate [Video Input Source] (i.e., the HDMI input channel) on the display (e.g., TV, monitor, projector).
2. USB Power Supply: Connect the Micro USB on one end of the power cable to the product and USB to the corresponding voltage transformer.
3. The product supports Bluetooth or USB wireless keyboards and mouse.
4. Press "Power" to activate the system.

Product Interface

- ① Power Button
- ② USB 3.0
- ③ Micro USB (Power input)
- ④ HDMI
- ⑤ Micro SD
- ⑥ LED (Power)

Service Warranty

Thank you for your purchase. A service fee may be charged in the following situations:

- Improper handling of the product without referencing the product manual.
- Damages due to human error, computer viruses, humidity, improper software installation, or self-disassembly/assembly.
- Damages due to unforeseen disasters and circumstances, such as fires, floods, typhoons, and earthquakes, etc.
- Damage to accessories, consumables, and natural wear-and-tear.
- Specific requests to reinstall software or adjust computer settings, where a service fee shall incur.
- Damaged or dirty warranty labels that are unrecognizable.

Please back up all personal information and files prior to serving your product as the maintenance process may influence the integrity of your information.

Remark:

1. Without permission granted by the NCC, any company, enterprise, or user is not allowed to change frequency, enhance transmitting power, or alter original characteristic as well as performance to an approved low power radio-frequency devices.
2. The low power radio-frequency devices shall not influence aircraft security and interfere legal communications; If found, the user shall cease operating immediately until no interference is achieved. The said legal communications means radio communications is operated in compliance with the Telecommunications Act. The low power radio-frequency devices must be susceptible with the interference from legal communications or ISM radio wave radiated devices.
3. The CMOS on the motherboard draws power from a micro battery placed in the product. Please do not attempt to replace this battery. Replacing the battery with an incompliant battery may lead to hazards. Please dispose the old battery appropriately.

Federal Communication Commission Interference Statement

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one of the following measures:

- ☒ Reorient or relocate the receiving antenna.
- ☒ Increase the separation between the equipment and receiver.
- ☒ Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- ☒ Consult the dealer or an experienced radio/TV technician for help.

FCC Caution:

- ☒ Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment.
- ☒ This transmitter must not be co-located or operating in conjunction with any other antenna or

transmitter.

- ☒ Operations in the 5.15-5.25GHz band are restricted to indoor usage only.

FOR MOBILE DEVICE USAGE (>20cm/low power) Radiation Exposure Statement:

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.

FOR COUNTRY CODE SELECTION USAGE (WLAN DEVICES)

Note: The country code selection is for non-US model only and is not available to all US model. Per FCC regulation, all WiFi product marketed in US must fixed to US operation channels only.

Industry Canada statement

- ☒ This device complies with Industry Canada license-exempt RSS standard(s). Operation is subject

to the following two conditions:

- 1) this device may not cause interference, and
- 2) this device must accept any interference, including interference that may cause undesired operation of the device.

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes:

- 1) l'appareil ne doit pas produire de brouillage, et
- 2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

- ☒ This Class B digital apparatus complies with Canadian ICES-003.

- ☒ Cet appareil numérique de la classe B est conforme à la norme NMB-003 du Canada.

- ☒ This device complies with RSS-310 of Industry Canada. Operation is subject to the condition that this device does not cause harmful interference.

Cet appareil est conforme à la norme RSS-310 d'Industrie Canada. L'opération est soumise à la condition que cet appareil ne provoque aucune interférence nuisible.

- ☒ This device and its antenna(s) must not be co-located or operating in conjunction with any other antenna or transmitter, except tested built-in radios.

Cet appareil et son antenne ne doivent pas être situés ou fonctionner en conjonction avec une autre antenne ou un autre émetteur, exception faites des radios intégrées qui ont été testées.

- ☒ The Country Code Selection feature is disabled for products marketed in the US/ Canada.

La fonction de sélection de l'indicatif du pays est désactivée pour les produits commercialisés aux États-Unis et au Canada.

FOR MOBILE DEVICE (>20cm from body / low power)

Radiation Exposure Statement:

This equipment complies with IC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.

Déclaration d'exposition aux radiations:

Cet équipement est conforme aux limites d'exposition aux rayonnements IC établies pour un environnement non contrôlé. Cet équipement doit être installé et utilisé avec un minimum de 20 cm de distance entre la source de rayonnement et votre corps.
