For Federal Communications Commission

Federal Communications Commission
Laboratory Division
7435 Oakland Mills Road
Columbia, MD 21046

Dear Sir or Madam,

We, *Quanta Computer Inc.*, hereby request dismissal of the previous grant of certification on a wireless keyboard product, FCC ID: HFS-RK (granted September 29, 2015). The product has not been placed in the US or worldwide market. Product performance requirements necessitate increasing the output power and therefore Quanta will re-apply for FCC certification using the originally issued FCC ID.

Dismissal of the previous grant as soon as possible will be greatly appreciated, so that this product may be brought to market in the very near future.

Sincerely,

Signature Joyce Kuo
