Limited Module Approval Request Letter

Subject: Limited Module Approval

Date: January 18, 2012

FCC ID: HFS-SPSPN533 IC ID: 1787B-SPSPN533

Dear Reviewer.

We, <u>Quanta Computer Inc</u> would request <u>NFC module (for Notebook PC)</u> approved under limited module approval authorization. The application of this module is specified to <u>portable host</u> equipment. The requirements regulated in 15.212 have been fulfilled and clearly explained below.

- 1. The module does not have its own RF shielding. However, this module will not be offered for sale to, or use by any other company or OEM. As the manufacturer of the module and any host product into which this module will be installed, <u>Quanta Computer Inc</u> retains full control over the final installation of the device into its product, and therefore can assure the compliance of the end product to the tested result.
 - This module will be equipped with Notebook PC (Model name: TPN-Q105, TPN-Q105 series).
- 2. The requirement of buffered inputs: Buffered data inputs stage has been integrated in chip (PN533).
- 3. The requirement of power supply regulation: The part number of the power regulator is (PN533).
- 4. The requirements of section 15.203 and 15.204(C): The requirements of antenna connector and spurious emission have been fulfilled. Please reference the exhibition Test Report.
- 5. This modular transmitter was tested inside brand: <u>HP</u> Model: <u>TPN-Q105</u> notebook during testing for compliance with Part 15 requirements.
- 6. The requirement of labeling: The instruction on the labeling rule of the end product has been stated in the user's manual of this module. Please also see the exhibition Label Sample.
- 7. The requirement of compliance on specific rule or operating requirements: The required FCC rule has been fulfilled and all the instructions for maintaining compliance has been clearly stated in the Users Manual.
- 8. The requirement of RF exposure: 15.225: Not applicable since the unit operates under section 15.225 of the FCC rules. The reference guide contains general installation and operation instructions. SAR evaluation not required.(RFID devices subject to §15.225 are generally excluded from the RF Exposure requirements due to its very low radiating power.)

Please do not hesitate to contact me for any questions of this request letter. Thank you.
