Subject: Ad Hoc Mode Function Declaration

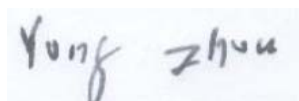

To Whom it may concern,

We, declare that the EUT (Model Name: JWL-D572R) doesn't have Ad Hoc function on "non-US frequencies" and/or "on DFS frequencies". In non-associated mode, that software and associated drivers will not initiate any transmission on DFS frequencies. This includes transmissions for beacon ad-hoc peer-to-peer modes.

Regards,

Yours sincerely,

Signatory

A handwritten signature in black ink on a light blue background. The signature appears to read "Yong Zhou" in a cursive, slightly stylized font.
