Subject: Ad Hoc Mode Function Declaration

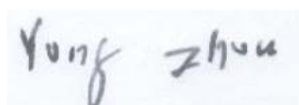

To Whom it may concern,

We, declare that the EUT (Model Name: JHR-N936R) doesn't have Ad Hoc function on "non-US frequencies" and/or "on DFS frequencies". In non-associated mode, that software and associated drivers will not initiate any transmission on DFS frequencies. This includes transmissions for beacon ad-hoc peer-to-peer modes.

Regards,

Yours sincerely,

Signatory

A handwritten signature in black ink that reads "Yong Zhou". The signature is written in a cursive, slightly slanted style.
