

Attestation

We, unitech electronics co., ltd., attest that this device under FCC ID HLEPA768BWNW complies with device protocol requirements and operational restrictions for 6XD.

1. Device Protocol Attestation Statement:

- a. Statement that the device will only associate and connect with a low-power indoor access point or subordinate device and never directly connect to other client devices.
- b. Statement that this device will always initiate transmission under the control of a lowpower indoor AP or subordinate except for brief transmissions before joining a network.

These short messages will only occur if the client has detected an indoor AP or subordinate operating on a channel. These brief messages will have a time-out mechanism such that if it does not receive a response from an AP it will not continually repeat the request.

- c. Statement that transmissions will be lower or equal to the power advertised by the indoor low-power access point or subordinate and never above the maximum output power allowed by the FCC grant for equipment class 6XD.

2. Understanding of Statement acknowledging device restrictions:

- a. Prohibited for control of or communications with unmanned aircraft systems, including drones. No vehicular use, except large aircrafts above 10000 ft.
