SUBJECT: FCC Class II Permissive Change

Dear Sir/Madam,

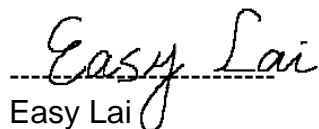

The product, WLAN Module, has been granted by FCC dated 05/27/2009, and FCC ID is HLZ-AR5B95

Now we, Acer Incorporated would like to apply for Class II Permissive Change.

There is no hardware or electrical modification made to the applying modular transmitter itself. We change the brand name, model number, added antenna and the host notebook.

The differences between original application are like above description, the others are the same as original one.

Sincerely,

Easy Lai
