

Re: Change of Identification Authorization, FCC ID: QDS-BRCM1045

Date: February 8, 2010

To Whom It May Concern:

This letter grants authorization for Acer Incorporated to apply to the FCC for a change in identification as specified under 47CFR2.933 of the FCC rules.

This authorization applies to Broadcom Corporation, 802.11g/n WLAN PCI-E mini card, model BCM943225HM, FCCID: QDS-BRCM1045. We are aware that Acer intends to market the above referenced product under their own FCC ID: HLZ-BRCM1045.

Sincerely,

A handwritten signature in black ink, appearing to read 'D. Lawless', is written over a light gray rectangular background.
