Columbia, MD 21046

SUBJECT: Class II Permissive Change for FCC ID: **HLZ-BRCM1051I**

The intension of this application is to enable the modular certified FCC ID: HLZ-BRCM1051I, dated 08/24/2011 to be in the host system; to certify the additional of certified FCC ID: HLZ-BRCM1051I as a Class II Permissive Change in host Notebook, Model Name: MS2346, Trade Name: Acer.

The modules mentioned above have been approved and were electronically and mechanically identical to the original modular instructions and requirements. In addition, the separation distance from human body is less than 20 cm, thus SAR measurements were performed. The highest SAR value for the device is 0.37 W/kg and was tested for typical laptop operations contacted directly to the human body. To maintain compliance with FCC RF exposure requirements, users should avoid direct contact to the transmission antenna during data communication.

Sincerely,
