Re: Additional antennas for certified product  
FCC ID: HN2UAPRFID-900

Dear Mr. Fabina,

Our 900 MHz FHSS RIFD reader product Model 2100 was approved by the FCC under FCC ID: HN2UAPRFID-900 to Part 15.247 requirements on March 21, 2000. We would like to add another antenna to the list of approved antennas for the product. Our new antenna is a Maxrad MP8906PT//RPN(5) panel antenna with 6 dB gain, similar to the originally approved antenna. The antenna's specifications are attached.
