Subject: RE: CIDCO Communications Corporation, FCC ID:HOLD93X, AN02T2255

Importance: High

Hello Mike,
Item 1: Attached below is the Revise FCC ID Label.

Item 2: Attached below is the Theory of Operation.

Item 3: Client sent Anne an email stating that he will include in the Manual. Attached below is his email. Is this sufficient?

Item 4: Attached below is the additional Internal & External Photos.

Thanks,
Christine

Notice_content

Question #1: Since both handset and base station are included in this filing, proposed FCC ID label format shall be placed on the handset as well. Please provide revised FCC ID label format and location,.

Question #2: Please provide theory of operation (operational description).

Question #3: There is no RF exposure information contains in the user manual. Suggest wording can be " Importance Notice : This device and its antenna must not be co-located or operating in conjunction with any other antenna or transmitter. To comply with FCC RF exposure compliance requirements, only use supplied antenna. Any unauthorized modification to the antenna or device could avoid user's authority to operate this device."

Question #4: Please provide internal photos for base station and handset. Only two pages of internal photos were submitted. In addition, please make sure to include internal photos without the metal plate on the RF module.

Best Regards

Mike Kuo / TCB Certifier

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 60 days of the original e-mail date may result in application dismissal and forfeiture of the filing fee. Also, please note that partial responses increase processing time and should not be submitted. Any questions about the content of this correspondence should be directed to the e-mail address listed below the name of the sender.
